Report

Dr. L. D.Balkhande College of Arts and Commerce Pauni organised One- Day Seminar On **Gender Equality and Literacy** under Women Empowerment Cell On dated 12/08/2023 . In the introductory speech coordinator of the program Dr. Swati Shambharkar stated that Today although men and women are equal, we find a different picture in the society. While women have equal rights and equal opportunities, there is still a gap somewhere. Also, The keynote speaker of this program Mr. Pritam Ninave speaking on the topic of financial literacy, in today's era women become literate and take the financial burden of the family on their shoulders. Students were told about this through special guidance Also, he said that women are also made aware of femininity in many places. Then as the second speaker Mr. Praveen Thote, while guiding on the subject of equality between men and women, 50% reservation of equal rights for men and women, yet women are asked to come to the house within 7 Even if women learn today, the attitude of the family has not changed. The evil eyes of the society are still felt on them. While both have similar feelings, we see differences in many places. He gave a thorough guidance to the students that third parties are also a part of the society and there is a feeling of inferiority towards them in the society. The third speaker of this program Ms. Swati Kadukar, guided the students in detail about the many beneficial insurance schemes of the government for women and children. Professor Nandkishore Shingade, the president of this program said that, the economic contribution of women in India's development is only 23 % . It should be increased now. Because many restrictions have been imposed on women, you should learn and become competent by doing many of the industries yourself.

Report

One-day seminar on '**Contribution of Women in the Development of the Country**'
under Women Empowerment Cell at Nisti.

Dr. L. D. Balkhande College of Arts and Commerce, under Women Empowerment Cell, organised one-day seminar on '**Contribution of women in the development of the country**' was held at Nisti on January 3, 2024 on the occasion of the birth anniversary of Kranti Jyoti Savitribai Phule. The program started with garlanding the photo of Krantijyoti Savitribai Phule. Chairman of this program Hon. Mr. Manik Lothe as well as the keynote speaker Miss. Vinaya Dhatrak (Graduate Teacher Zilla Parishad Higher Secondary School Nisti) Similarly Chief Guest Dr. Pragati Detha, (Prof. Department of Chemistry) Science College, Pavani and the coordinator of this program Dr. Swati Shambharkar was present there. Chairman of this program Mr. Manik Lothe said in his presidential speech that women have played a valuable role in the progress of the country, we can see that they have also contributed in economic matters. Then the keynote speaker Hon. Vinaya Dhatrak told that Although the contribution of women in the construction of the country is very big, we still do not see equality between men and women? What should be the main reason for this! We all need to find this out. Women have made great strides in every field. Women have been promoted from politics to the academic field, but counting on that finger is only so much! She said in her speech that this is the reason why women have made progress without looking back. After that the chief guest Dr. Pragati Detha said that women have come forward as scientists, prime ministers, presidents, governors and other fields as well. They are also taking care of family responsibilities. Gender equality is the two wheels of the world. Then a country cannot be formed without the consent of both. she also said in her speech that no matter how much progress women have made, it is necessary for men and women to solve the problem with a proper conclusion in modern times. Coordinator of this program, Dr. Swati Shambharkar, in her introductory speech told that women are still under seven at home. Men and women must respect each other. For this it is necessary to get Sanskar from home. Shivaji Maharaj had the Sanskar to respect women and we should also give it to our students. If a woman learns, she teaches the whole family and also contributes to the economic progress of the country, the ratio is more in the sports department than in the city. The program was compered by Manjit Singh Bawari, while Mis. Shubhangi Khandade proposed a vote of thanks. All the students and villagers as well as teachers and non-teaching staff were present in this program.

Principal Dr. Ramesh Bansod told the students to be aware. If something bad is happening in the surrounding area, tell the family. The chief guide of this program Adv. Mahendra Goswami told how students are being sexually assaulted. There are some methods to prevent this. He told the students through his guidance that there is a special provision in the POCSO Act to protect the child from sexual offenses. The punishment depends on the severity of the crime, the age of the victim. That is, in simple terms, how the Child Protection Act is and how it is implemented. He gave detailed guidance on this. In the opening speech, Vice Principal Prof. Nandkishor Singade said that children are the assets of the country, the generation of tomorrow. They should properly nurture, heal physically, Mentally, and intellectually for social development. He asserted that this law is necessary for physical development with the main purpose of protecting children from abuse, healthy childhood, protecting children's rights, protecting children's childhood and youth from sexual exploitation.

Program Coordinator Dr. Swati Shambharkar, in the introductory speech, said that the Protection of Children from Sexual Offences Act was implemented in 2012. The POCSO Act means that anyone who engages in sexual activity with a child, whether a child or not, can be prosecuted. A criminal may have any social, economic, religious, cultural or educational background. He may be married or single. She said that he may or may not be mentally stable. In short, even a common man can be a child sex offender. The program was compared by Prof. Vilas Meshram while Ms. Archana Chachere proposed a vote of thanks. The program was attended by the teachers and non-teaching staff of the college as well as all the students. The program concluded with the National Anthem.
